

NATA WC Insurance Program FAQ for Members

Q I heard the NATA program is changing, what is happening?

A As of January 1, 2013, NATA will be endorsing Beacon Aviation Insurance Services and Companion Property and Casualty Insurance Company as the new providers of the NATA Worker's Compensation Insurance Program.

Q I heard that the NATA program has been cancelled (or non-renewed), is that true?

A As of January 1, 2013, NATA will be endorsing Beacon Aviation Insurance Services and Companion Property and Casualty Insurance Company as the new providers of the NATA Worker's Compensation Insurance Program.

Q I just renewed my Workers' Comp policy with the current NATA program. How does this new program affect my current coverage?

A The current and the new NATA programs are independent programs, so the policy you have now is fine and is unaffected by this change. However, we recommend that you ask your agent to submit an application to Beacon to start with the new NATA WC Insurance Program once your current policy comes up for renewal.

Q I don't understand. How has the NATA WC Insurance Program changed?

A There are at least three significant changes to the NATA WC Insurance Program.

1. Beginning January 1, 2013, the NATA WC Insurance Program will be available exclusively through Beacon Aviation Insurance Services. More information about Beacon Aviation Insurance Services can be found here:
<http://beaconais.com>
2. Beginning January 1, 2013, Companion P&C (AM Best rated A, VII) becomes the exclusive insurance company writing coverage on behalf of the NATA WC Insurance Program. More information about Companion can be found here:
<http://www.companiongroup.com/>
3. Beginning January 1, 2013, the NATA WC Insurance Program offers a new, improved, individual dividend plan that pays eligible members faster!

Q Does the new NATA WC Insurance Program offer dividend plans?

A Yes! The new NATA WC Program Dividend Plan offers so much more:

- It is an individual dividend plan not a group plan- your excellent history earns you dividends that are not diluted by poorer group experience
- You get your dividend faster- 10 months after the end of the policy, not 5 years later!
- It gives you better prices if you participate in Safety 1st, if allowed in your state
- Members with the best loss experience will be offered their dividend up-front!

NATA WC Insurance Program FAQ for Members

Q How do I go about moving to the new NATA WC Insurance Program?

A Simple! Just ask your insurance agent to contact Beacon Aviation Insurance Services:

Beacon Aviation Insurance Services
715 N Washington Blvd., Suite C
Sarasota, FL 34236
(941) 953-5390
<http://beaconais.com>

Q When can I join the new NATA WC Insurance Program?

A Soon! The new NATA WC Insurance Program starts through Beacon on January 1, 2013. In the meantime, Beacon is happy to offer you a very competitive quote and the eventual move to the new NATA WC Insurance Program that much easier later on. Just make sure your agent tells Beacon that you are a NATA member

Q Does the new NATA WC Insurance Program have a premium payment plan and what are the installment fees?

A Yes! The NATA WC Insurance Program has a very nice premium payment plan. Companion P&C sends premium invoices directly to the Policyholder. There are several options available to pay premium based on account size. There is \$5.00 Service Fee for each installment payment.

More information about Companion P&C premium payment plans is available here:
http://beaconais.com/E-Z_Pay/E-Z_Pay.html#3

Q In what states will the new NATA WC Insurance Plan operate?

A The new NATA WC Insurance Program is available in every state in the United States except the monopolistic states (North Dakota, Ohio, Washington, Wyoming).

Q Who will handle claims for the NATA WC Insurance Program?

A Companion P&C handles all claims reported with its own staff, augmented by local resources when it makes sense.

Q Do you offer large deductible plans to help me save more money?

A Companion has the full array of individually tailored insurance plans for larger with higher premiums.
