

NATA's "FBOs: Above and Beyond" initiative highlights the extraordinary services provided by our Fixed Base Operator (FBO) members. The association's goal is to provide a well-rounded perspective on the FBO industry, directly from those with first-hand experience.

Clay Lacy Helps Launch Careers for the Next Generation of Aviation Leaders

At Clay Lacy, we believe in giving back by paying it forward—helping a new generation of pilots, technicians, cabin attendants and other professionals achieve their full potential.

We partner with schools and community organizations where we live and work, giving thousands of children and young adults the opportunity to achieve their dreams of a rewarding career in aviation.

Presenting sponsor and exhibitor at Supervisor Michelle Steel's Orange County Job Fair.

Orange Coast College Flight Training Scholarship Recipients.

In recent years we have spoken to hundreds of young adults in classrooms and career days, hosted internships and job shadow days, and provided more than 100 scholarships to students pursuing aviation careers at community colleges, universities, local school districts and professional trade schools.

- [Mechanic scholarships](#) at Los Angeles Unified School District Aviation Center
- Pilot scholarships at the University of North Dakota
- Pilot scholarships at Orange Coast College, Costa Mesa, California
- Aviation scholarships through Flight Path Learning Center, Los Angeles
- Aviation Career Day at Van Nuys Airport
