### **New Hampshire Governor Declares March “General Aviation Appreciation Month”**

New Hampshire Governor Margaret Wood Hassan has declared March 2014 as “General Aviation Appreciation Month.” Across the Granite State, general aviation contributes \$639 million in annual economic activity and sustains 8,000 jobs. The governor’s [proclamation](#) highlights the importance of general aviation to communities and businesses across the state that rely on general aviation and community airports for the continued flow of commerce, tourists, and visitors to the state. New Hampshire is home to 14 NATA member companies who operate at the 24 publically-owned airports across the state.
