

Cyber Insurance FAQS:

How do I begin?

Create a username and password and sign in. Then enter your name/email and slide the -> Continue icon to the right.

What NAICS code/class do I use?

You can leave as is, the information is prefilled for you.

Why am I getting a website error?

When entering your website, please use this format: "websiteName.com". Don't include the http:// or www domain.

Is my coverage bound once my portal application is submitted?

The Quick Quote asks a minimal number of questions and allows you to receive a non-binding quote. A full application is required prior to binding the policy and our team is happy to help walk you through that process.

Do I need to upload files on the portal at time of application?

No, you don't need to upload documents now, but supporting materials may be required before the policy is bound.

NATA's Cyber Insurance Program insures your digital tomorrow with coverage from E-Risk Services, LLC (a wholly owned subsidiary of Nationwide Mutual Insurance Company). Program Administered by Gallagher Aerospace and Aviation.
